Work Experience

Heart It Out.   *Bengaluru, Karnataka, India*

FRONTEND DEVELOPER INTERN   *Oct. 2023 - Present*

- Developed and maintained responsive websites using HTML, CSS, JS, Tailwind CSS, and Bootstrap.
- Created a responsive blog website at Heart It Out with HTML, CSS, and JavaScript, enabling users to upload, view, and manage blogs seamlessly.
- Designed and implemented a browser extension featuring dynamic quotes and real-time sun transformations, highlighting strong web development skills and creativity.
- Engineered an AI-driven therapist matching engine named Recco using HTML, CSS, and JavaScript at Heart It Out, offering personalized recommendations and a responsive booking interface.
- Developed a versatile chatbot, a new booking flow, and an integrated events page, ensuring optimal design and responsive functionality.

Axionic Software Pvt. Ltd.   *Yamuna Nagar, India*

FRONTEND DEVELOPER INTERN   *Jun. 2021 - Oct. 2021*

- Collaborated with a team of developers to create and implement frontend solutions for various projects during the internship period.
- Leveraged modern frontend frameworks and libraries, such as React or Angular, to build dynamic and interactive user interfaces.
- Addressed and resolved bugs, ensuring optimal functionality and performance across different browsers and devices.

Projects

MindBody Bliss - Link!

WEBSITE-ORIENTED

- Developed a blog website with HTML, CSS, and JavaScript, featuring an admin panel UI. Users can upload blogs, view their total count, and access multiple blog pages with seamless data display. Implemented at Heart It Out, ensuring full responsiveness, fast loading, sliders, and blog shuffling.

Believe by Heart It Out - Link!

CHROME-EXTENSION

- Developed a Chrome extension displaying motivational quotes on new tabs with a dynamic sun reflecting real-time day cycles. Enhanced with scenic backgrounds featuring grass and elements using HTML, CSS, & JavaScript. Continuing to expand functionality with upcoming updates.

Personal Portfolio - Link!

WEBSITE-ORIENTED

- Designed and developed a personal portfolio website using Next.js and GSAP, featuring interactive animations and seamless transitions. Integrated a mail API for contact forms to streamline communication. Utilized the Spotify API to display real-time music currently playing, enhancing user engagement. Ensured responsive design and optimized performance for fast loading.
